LESSIN in Context

- LES has been on the Scottish economic development radar for a long time
- 2017 Scottish Government Energy Strategy was a major milestone
- LES Stakeholder group was established in 2018
- LESSIN was officially launched at the beginning of 2021 to:
 - Join dots, encourage collaboration
 - Help companies navigate support
 - Provide support for innovation, commercialisation and growth
 - Provide targeted dissemination of lessons learned
 - Link companies to projects & investments

LESSIN Priorities

- Explore opportunities like energy flexibility , digitalisation , hydrogen , Zero Emission Mobility, Low CO² buildings, Marine Energy and more.
- Greater engagement with project developers & facilitating project initiation
- Focus on innovation linked to the integration of energy vectors
- Focus on the benefits of a whole systems approach
- Broaden and build LESSIN membership
- Help inform future development of a Local Energy Systems Network
